

Fits 2019 Dodge Ram 1500 W/5.7L V8, 2WD & 4WD, 120.5", 140.5", 160.5" wheel bases, for vehicles with factory dual exhaust only.

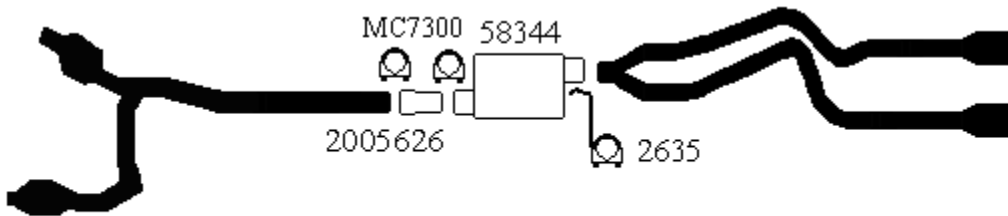

NOTE: DO NOT TIGHTEN ANY CLAMPS OR BOLTS UNTIL THE LAST STEP!

Note: this kit fits only vehicles with factory dual exhaust. You will need to reuse all original parts including the front extension pipe, tailpipes, tips, and hangers. This kit only includes a new performance muffler and parts necessary to install it to the factory front extension pipe and the factory tail pipes. This kit requires cutting the factory exhaust right at the muffler inlet and outlet.

- 1) Remove the o.e. muffler from the truck. You may need to use a lubricant to remove the wire hangers from the o.e. rubber hanger mounts above the muffler outlet. For the inlet, cut 1" from the weld on the inlet of the o.e. muffler, just before where the tube diameter shrinks going into the muffler. For the outlet, cut 3/8" from the weld on the o.e. muffler outlet.
- 2) The 3" extension pipe will fit all wheel base trucks without cutting. Install the new 3" extension pipe to the o.e. front extension pipe using a 3" clamp.
- 3) Install the muffler inlet to the 3" extension pipe using a 3" muffler clamp to attach the inlet of the muffler and the 3" extension pipe together. NOTE: The muffler will need to be installed at an angle. The driver side of the muffler should be at approximately a 2:00 position when looking from the inlet end (so above the drive shaft), and the passenger side at approximately a 8:00 position. See picture above.
- 4) Install the tail pipe to the outlet of the muffler using the included 3" hanger clamp. Attach the wire rod to the o.e. mount above. Only the o.e. rubber mount nearest the driveshaft is used.
- 5) Tighten all clamps and bolts and check for clearance of the frame, body, and brake and fuel lines

HARDWARE KIT FOR KIT #2005625:

- | | |
|--------------------------|-------------------------------|
| 2) 3" clamp # MC7300 | 1) 3" EXTENSION PIPE #2005626 |
| 1) 3" HANGER CLAMP-#2635 | 1) #58344 MUFFLER |

DANGER WARNING: SHOULD THE PURCHASER DECIDE TO INSTALL THIS, OR ANY OTHER EXHAUST PRODUCT AT HOME, BE WARNED THAT PLEASURE CAR OR LIGHT DUTY TRUCK/VAN "BUMPER JACKS" ARE INTENDED FOR EMERGENCY USE ONLY. THE USE OF FRAME CONTACT JACK STANDS IN CONJUNCTION WITH A FLOOR JACK AS MAIN SUPPORT IS HIGHLY RECOMMENDED TO MINIMIZE ACCIDENTAL DROPPING OF A VEHICLE WHILE THE INSTALLATION PROCEEDS.

2005625

Limitation of liability--Disclaimers: The regulation of emissions production, noise levels and safety standards is undertaken by the federal government, each of the fifty state legislatures, and by many local municipalities, towns and counties.

The manufacturer makes no warranties of merchantability, of fitness for a particular purpose, or that its products are approved for general use, or that its products comply with laws, regulations or ordinances in the states where they may be sold to the ultimate purchaser, the consumer.

The entire risk as to the conformity of this product in any such state and as to repair, should the product prove to be defective or non-conforming, is on the retail purchaser, the buyer, the ultimate consumer of such product and it is not upon the seller, distributor, or manufacturer.

In this connection, retail purchaser, the buyer, the ultimate consumer assumes the burden of the entire cost of any and all necessary service, alterations, and or repair.

The foregoing statement limits the liability of the manufacturer.
